

Classic Soccer Club is located in Queen Creek, Arizona and is founded on the principle of providing an opportunity for players to develop both soccer skills and personal character. Unlike many other clubs, our board members and coaches are all volunteers and do not accept payment for training the players. Our coaches coach solely for the benefit of teaching young men and women how to be positive citizens, both on and off the field. One of the primary goals of our coaching staff is to help keep expenses at a minimum for the players. We will never turn a player away for financial reasons.

Your sponsorship funds will help defray the costs associated with competitive soccer, including registration, equipment, uniforms, field rental, and tournament fees. Your contribution will help our players be successful in their pursuit of developing not only their soccer skills, but also their sense of teamwork, sportsmanship, pride, community involvement, and hard work.

We are a qualified, non-profit 501(c)3 organization. Donations of any amount are greatly appreciated and can be made in the form of money that will go towards team expenses, or in the form of apparel or accessories that can be used for the players' benefit. All sponsors will be recognized on our club website at <http://www.classicsc.org>. Please help us to continue providing opportunities to raise the level of competition and development for our players, as we partner with you to build a stronger community.

Thank you for your support!
